CONCEPTLINE WALL ELEMENT NATUR

SONATECH
Akustik + Schallschutz

PRODUCT DESCRIPTION

The natural broadband absorber ConceptLine NATUR is simply hung on the wall like a picture. These decorative elements have an astonishingly broadband effect, providing complete absorption of sound in the octaves of 250–4,000 Hz. These are the particular frequencies covered by workplace regulations.

There is a free choice of fabric which opens the possibility of creating individual designs to match the respective room concept.
In addition, the elements can be used as notice boards.
